## EMPLOYMENT HISTORY

Jan 2011 – Present **IT QA Analyst, United Healthgroup** New York, New York

UnitedHealth Group Inc. is an American for-profit managed health care company. As an IT QA Analyst, I am responsible for the automated testing of the uhg.com website. My core activities include:

- Writing test plans and test scripts from scratch
- Creating custom SQL queries to extract necessary data
- Flagging bugs and defects and relaying issues to the software engineers

Nov 2008 – Jan 2011 **IT QA Analyst, Viacom** New York, New York

Viacom is an American media conglomerate primarily focused on television. As an IT QA tester, I was responsible for both automated and manual testing of mobile applications. My core activities included:

- Developing test plans, test cases, test scripts, and test reports on multiple projects
- Performing testing on various software, telecom, and reporting systems
- Validating that user expectations are achieved during the testing process
- Reviewing user requirement documents to ensure that requirements are testable

Mar 2006 – Jun 2008 **IT QA Analyst, Bank of America** New York, New York

Bank of America is one of America's leading financial institutions. As an IT QA Analyst, I was responsible for the manual testing of internal applications. My core activities included:

- Writing, implementing, and documenting test cases to identify bugs and rewrite requirements
- Conducting exploratory testing to evaluate robustness and functionality of products
- Designing, developing, and implementing automated testing systems
- Communicating feature interaction problems and identify coding problems across the system
