01 PROFILE

A spirited youngster with ten months' experience as a Building Laborer in the construction sector. Physically fit with incredible endurance to complete site duties like drilling and sawing/ cutting construction materials as stated by the stipulations of the bill of work document. Looking for an ACF Construction position to help with typical building and construction tasks like tiling and painting.

02 EMPLOYMENT HISTORY

Jan 2018 — Feb 2021

Seattle

Building Laborer at Group 5 Construction

Tasked with cleaning and preparing construction sites as required, including putting up scaffolding, removing and correctly disposing of the debris and waste materials, and digging trenches of 1000 sqm construction sites.

- Expediting material, maintaining the budget, and handling all inconsistencies on the job site.
- Providing brilliant customer service, communicate with clients throughout the contract, and follow up on all finished work.
- Designed custom work for clients' homes through general home remolding, collaborating with plumbers, electricians, and licensed engineers.

Jan 2017 — Dec 2019

Millau

Building Laborer at MNT Development

Responsible for maintaining a clean and safe job site by managing materials and storing them correctly, packing away and storing all equipment and tools when not being used, and safeguarding the job site daily.

- Stripped roofs, normally shingles, and cleaned the shingles stripped into a trailer.
- Went to Lowes or Home Depot to collect the shingles per square and all the tools required to get the job done.
- Patched any holes using tar, measured and cut the shingles for the edges of the roof so that the shingles fit and looked perfect, and nailed the shingles into the roof.
- Took all old shingles to the dump.
