

# Mindy Butworth

Occupational Therapist

## Profile

*Empathetic and patient-centered occupational therapist with 5+ years of professional experience. Excited to join Kagen Health to assist its patients to recuperate from injury, recover skills, and avoid disability. Supervised 4 OT assistants and designed more than 200 tailored care plans for patients.*

## Employment History

### Occupational Therapist at Health Systems, Brooklyn Park

January 2019 — July 2021

*Organized and applied individually designed OT treatment programs for maintaining, improving, or restoring function to all ADLs and IADLs.*

- Managed ADL/ IADL activities, therapeutic exercises, as well as cognitive retraining, and motion treatment to better the patients' quality of life.
- Supervised the patients' physiological responses and vital signs to OT treatment sessions and collaborated with the multidisciplinary team members regarding these findings.
- Trained patients, their families, and caregivers regarding their treatment practices to improve their outcomes and increase rates of carrying through with the treatment plan.
- Worked together with interdisciplinary teams and facility managers to provide prime patient experiences and meet patients' needs.
- Observed and evaluated treatment effects at different stages as to adjust treatments where necessary and accomplish maximum benefit.

### Occupational Therapists at BK Therapists, Newburn

January 2017 — December 2019

*Applied care plans in a compassionate manner. Spoke to patients concerning the condition, their progress, and goals for every treatment session.*

- Assessed patients according to the MD orders and designed tailored care plans (which included short-and long-term goals to assist rehabilitation of patients).
- Recorded treatment sessions and patient responses. Any changing needs of the patient were communicated to physicians.
- Applied emergency and safety techniques whenever needed, including CPR, requesting assistance, and stabilizing equipment.
